UNDERSTANDING THE NEEDS OF OUR CUSTOMER:

We have the knowledge of every single problem of sourcing and buying around the world. Having relocated to Bangladesh, the objective was very clear – we had to provide a solution to each of these problems a customer faces in his daily life of sourcing and buying, especially from Bangladesh. The major requirements of every customer are:

1. Quality control at every stage of production and professional final Inspection confirms to the AQL levels specified by the customer.
2. Competitive prices without compromise on quality.
3. Short lead-time.
4. Continues feedback on new fabric and product development.
5. Quick sampling and in-house design studio.
6. Prompt quotations.
7. Instant replies to queries and general communication.
8. Easy and prompt access to information of customer's orders-daily production, QC reports, critical paths, status, and documentation.
9. Information on competition.
10. Assistance and advice on product improvement and enhancement.
11. Flexibility in service to customer and ability to change a required.

SAMPLE PROGRAM:

We need the spec, sketch, design and all details including the yarn composition and then we make sample for clients' approval. Sometimes, we do this sampling according to a given sample (original sample) from the client-end and then send them for the clients' approval. After receiving the approval, we make some more samples in case of buyers' satisfaction. If the sample quantity is a large number, then we make it as per buyers' requirements with a mutual understanding.

QUALITY CONTROL:

No way to compromise set / required / aspired quality level" -- This is what we believe in terms of quality. A group of well experienced, efficient, self-motivated and dynamic merchandisers and quality controllers are working very hard to ensure the highest level of quality of garments with the right corner of the direction.

INSPECTION PROCESS:

- A)** Fabrics Inspection (Before Cutting),
- B)** In Line Inspection (In Sewing),
- C)** Table Inspection (Sewing Output),
- D)** Primary Inspection (Before Iron),
- E)** Final Inspection (After Iron),
- F)** Pcs to Pcs Measurement (Before Folding)

IN -TIME SHIPMENT:

Our ceaseless and sincere effort always goes to ensure high class quality and in-time shipment. Since we believe in crystal clear views and straight-forwardness, we provide our clients a Critical Path Method (CPM Method) how goods will be shipped in the required / given to have clear direction of merchandising the goods.

If any stage of the path is affected, our immediate attention and action goes to adjust this in very next stage. Our motto is - No way to compromise set / required / aspired quality level.
